LOCK OPTIONS

For Grade IV and V certified safes, at least two EN 1300 Class B locks must be fitted as standard. Certified combination locks and electronic locks are available at additional costs.

INTERIOR FITTINGS

Safes are fitted with shelves as standard, please see product specification table above.

The following optional fittings are also available at additional costs.

1. Shelf
2. Reinforced shelf
3. Shelf with files holding system (except for model 110)
4. Lockable compartment (except for model 110). Available in two heights 200mm and 400mm. The 400mm version is not available for model 600
5. Lockable drawer (except for model 110)

CERTIFICATION

The Custodian range is tested and certified by ECB·S in accordance with European Standard EN 1143-1, for burglary protection in Grades IV and V.

CONSTRUCTION AND DESIGN

With the innovative Graviton barrier material, the Custodian safes ensure a high degree of resistance even against the most high performance attack tools. In addition they can be fixed to the floor with an anchoring kit.

The modern, dark-grey finish is suitable for most office environments, and the door handle has been ergonomically designed for ease of use.

Custodian is accredited by Secured by Design and meets police approved standards.

Approved by the Association of Insurance Surveyors
