Electronic Key Cabinets

Electronic Key Control

The electronic key cabinet features a slimline keypad and an after hours deposit aperture, which is ideal for car hire companies, garages and estate agents.

Key Cabinet 70

- New version of slimline keypad with LED.
- Auditable lock with key override function.
- Pop-open door with spring hinge removes the need for a handle.
- Deposit aperture with internal carpeted scoop to receive keys/car fobs
- Body constructed from 2mm steel with 5mm slab door.
- Features include light grey exterior paintwork, internal light and red carpet.
- Available in three sizes.
- Index card, numbered hookbars and key tabs.
- Ties in with all System Cabinets and other Key Cabinets in the Key Control System range.

Internal key scoop

Removable Index sheet
